

Animation by children is a new gender of animated films, comes up with the new era of digital media. Many animators around the world dedicate their efforts to teach kids how to make their own stories in animating way.

ASIFA Egypt will organize with Bibliotheca Alexandrina two forums of animated films made by children, under supervision of adult facilitators.

The first forum will take place on 26th of June, gathering trainers and kids who made films in the show. the guests of the forum, Ahmed Al Ashwah, ASIFA member and director of A4KIDS studio, and Shreef Al Sayed, director of awarded film with children.

The second forum will be held on the 3rd of July, hosting the Spanish Animation Director: Coké Riobóo, to show and talk about his experience in working with children.

Don't miss it with your kids!
